MRK MERKEZMAN

AUTOMOTIVE LIMITED COMPANY

MRK MERKEZMAN Otomotiv Limited Şirketi, 1979 yılında otomotiv sektörünün kalbi olan Bursa'da kurulmuştur.

Hedefi; orijinal kalitesinde malzeme üretmektir. Firmamız, yenilikleri takip eden yeni kuşak yöneticileri ve kalifiye personeli ile döküm, dövme-çelik ve sacdan ürettiği ürünleri son teknoloji ve devamlı artan makine parkıyla müşterilerine sunmaktadır.

4100 m² kapalı alana sahip fabrikamızda üretilen ürünlerimiz yurt içi ve yurt dışı olmak üzere, başta Almanya ve Dünyanın pek çok ülkesine ihraç edilmektedir.

MRK MERKEZMAN Automotive Limited Company was established in 1979 in Bursa, which is the heart of the automotive industry, in Turkey.

Mission: to produce products equal to their originals. MRK MERKEZMAN follows the innovations of their highly qualified managers and personnel, providing their customers with equipment made of the best casting, steel, iron, and metal raw materials and manufactured with the latest technology.

From our plant, which covers an area of 4100 m², presently products are delivered to domestic points as well as countries like Germany and many other countries in the world.

*"Always Do Your **Best**"*

ISO 9001

ISO 14001

Enhancing our production capabilities with a dual-pallet CNC machine.
Minimizing non-productive time, maximizing output.

ENGINEERING SERVICE

Power of CAD/CAM

Innovative Tooling Design & Manufacturing

Precision CNC Machining

Expert 3D Measurement Assistance

Continuous Improvement and Innovation

MACHINING

In our machining operations, we prioritize product quality and durability. Steel, forged, casting, and metal-sheet parts undergo meticulous processing to meet high quality standards.

This dedication to excellence ensures that our products not only meet but exceed expectations, delivering reliable performance in every application.

The Difference Only Quality

MEASUREMENT

With the assistance of CMM technology, each part is meticulously inspected, both during and after processing. This meticulous approach not only safeguards against defects but also ensures precise positioning, meeting our strict quality standards.

Our dedication to excellence can be relied upon, where precision is not merely a commitment but an essential aspect of our expertise.

Our Production

Production process starts with the raw material which is in accordance with international quality standards and continues until the shipment with care.
